A=Tolerance ( + / - mm )						
Option	Free	<input type="checkbox"/> Code marking				
	Extra Charge	<input type="checkbox"/> DIE PUNCH / For Upward forming : D2 → HSS (We recomend especially for stainless steel punching.)				

Shape of your request (trigonometry)

Indicate dimensions

The diagram shows a cross-section of a forming tool. It features a central rectangular section with a width labeled  $A = \Phi$  and a height labeled  $P =$ . To the right of this section, there is a vertical dimension  $T =$  and a label  $\text{Material} =$ . The tool is shown in a perspective view, with a dashed line indicating the internal structure.

※Notice : A guide assy is not included more than C station.
