Today, I will tell you about Health-sports day that is a Japanese holiday.

"TAIKU-NO-HI" (Health-Sports Day)

The second Monday of October is National Sports Day.

Health-Sports Day, called "taiiku-no-hi" in Japanese, is a national holiday
when people are encouraged to enjoy sports and use physical exercise
to develop their mental and physical health.

The day was originally celebrated on October 10th to commemorate
the opening ceremony of the 1964 TOKYO Olympics.

The date used to be October 10th, but, in 2000, it was changed
to the second Monday of October by a new law.

So this year October 14th is National Sports Day. ☺

On this day a lot of sporting events are held all over Japan.

Schools, neighborhood associations and businesses hold athletic meets
during the period around Health-Sports Day.

Next year, the Olympic will be held in **TOKYO, JAPAN!**

The Olympic Games will be held for 17 days from July 24th to August 9th,

and the Paralympic Games will be held for 12days from August 25th to September 6th.

Why don't you come to Japan on this occasion and watch the live competition? ☺
